

Ordinance on the Regulation of Scrapping Yards

FAQ

Q1 What are the “yards” in the ordinance?

A1: “Yard” refers to a facility or land where automobiles are scrapped.

Q2 Where can I register a car–scrapping business?

A2: At the Public Safety Section in the police station that has jurisdiction over the yard.

Q3 When does the registration period start?

A3: It starts on October 1, 2019. You must register before December 1, 2019, when the regulation goes into effect.

Q4 What if I already have a license for dismantling operations from the Vehicle Recycling Act?

A4: You are exempted and do not have to make a registration on the ordinance.

Q5 Am I exempted from the license for dismantling operations on the Vehicles Recycling Act if I register a car–scrapping business on the ordinance?

A5: No, you are not. Registration on the ordinance is not a substitute for the license for dismantling operations in the Act.

Registered dealers also may be required to obtain a license for dismantling operations in accordance with the Act.

For information related to the Vehicle Recycling Act, please make inquiries to the environment section in the Aichi Prefecture for detail.

Q6 Will I be charged for the registration?

A6: No, it is free of charge for registration.

Q7 Are there penalties for not registering?

A7: Making a car- scrapping business without the registration will result in penalties (up to 6 months imprisonment or up to 300,000 yen in fines).

Q8 What kinds of documents are needed for registration?

A8: Along with the registration document, the plan of the yard and documents related to the right to use the yard are needed.

Q9 Do the licensed business dealers on the Vehicle Recycling Act also need to provide payroll information?

A9: As long as the payroll based on the Labor Standards Law is provided, additional payroll is not required. However, information like the employee's nationality and status of residence (for foreigners) must be added to the payroll .

Q10 In what case must the licensed business dealers on the Act make record of business transactions?

A10: If the business dealers on the Act receive a car which is not reported in the electronic manifest system, a record of the business transaction must be made.

Q11 How is "Scrapping of the car" defined?

A11: "Scrapping of the car" is defined as cutting off the car body and/or separating the engine, axle and other devices (In the case of a special motor vehicle, the crane arm and crane boom of the power shovel).
