Aichi-Nagoya Bid Committee for Asian Games

# 20th Asian Games AICHI NAGOYA

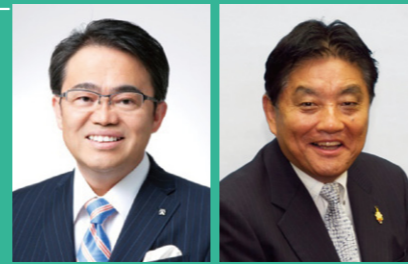

## Significance of the Bid

Aichi-Nagoya, one of the world's major industrial powerhouses, not only has strong links with the Asian region, but also has an extremely lively sporting scene, with numerous professional, corporate, and student teams.

The entire region will unite to offer the athletes representing Asia the chance to perform at their absolute best; the effects of this endeavor will include promoting sport and encouraging international relations, developing human resources through hosting the games, increasing exchanges among people, and enhancing international competitiveness.

Based on the admirable ideal of promoting friendship and peace espoused by the Olympic Council of Asia (OCA), we will do our utmost to make the Games a wonderful occasion.

Hideaki Ohmura, Governor of Aichi Prefecture  
Takashi Kawamura, Mayor of Nagoya City
